1670 Voters Eligible In Pahokee

Two hundred voters have qualified to vote in Pahokee during the past year bringing the total up to a whopping 1670 voters, according to information from the city hall yesterday.

It is thought that the interesting races for mayor and council this year was cause for many folks to go to city hall and qualify for casting a ballot.

There is contested opposition in the mayor's race, for chief of police, and for the four council seats. In years gone by the race for police chief has always overshadowed all other races. That doesn't seem to be the order of the day this year—the mayor's race seems to have taken the spotlight away from all other races.

Mayor Duncan Padgett and former mayor, Lewis Friend, are battling it out for the top spot in Pahokee city government. A week from next Tuesday will tell the story.

Light Fund Reaches Half Way Mark

A. R. Harrington, president, presided at the Canal Point Lions Club meeting on Monday night. It was reported that approximately one half of the street light fund for 1966-67 has been raised.

The club members voted to donate \$15.00 to the Foundation for the Blind Eye Bank. They also voted to endorse the resolution adopted by the State Road Department to four-lane U.S. 441 from West Palm Beach to Belle Glade and sponsored a 4-H member at Camp Cloverleaf in Lake Placid during the weekend.

There were two guests present at the meeting. They were Rev. Edward Norton, pastor of the Canal Point Methodist Church, and Lion M. I. Keen of Pahokee.

Georgia Funeral For Mr. Adams

Morris Adams, 73, of Glenwood, Georgia, died on Friday, April 15, following a heart attack. Funeral services were held in Glenwood on Sunday, April 17.

Attending the funeral from this area were his daughters, Mrs. Grace Maxson and Mr. Maxson, Canal Point, and Mrs. Margie Stephens, Clewiston; his sister, Mrs. Ed Smith, and brother, Tom Adams, both of Fort Lauderdale.

Mr. Adams was a former barber in Canal Point for many years.

Mrs. Leah Isenhardt returned to her home in Denver, Colorado, this week after being the guest of her sister and family, Mr. and Mrs. Lloyd Hundley, and other relatives in Pahokee for the past few weeks.

Tammy Branch Is Miss Palm Beach County

Miss Tamara Kae Branch, daughter of Mr. and Mrs. Hugh H. Branch of Pahokee, won the "Miss Palm Beach County" pageant held in the auditorium of Palm Beach Junior College on Monday night. Tammy also won the Miss Congeniality and the bathing suit competition awards.

She was sponsored by Vandegrift-Williams Farms, Inc., and her hostess for the two nights of events was Mrs. Faith Saceman. Tammy won a Miss America preliminary trophy for Miss America preliminary trophy for Miss Palm Beach County, a \$400 scholarship for education, \$100 cash from the Pepsi-Cola Company, \$100 diamond drop from Williamson Jewellery, a 10-week modeling course from Maezie-Murphy-Kline school of modeling along with the Miss America preliminary crown. She also won a Bobbie Brooks outfit from Fountain's Department Store, a Miss America charm bracelet, Miss Palm Beach County banner

and one week in Sarasota, all expenses paid, for participation in the Miss Florida contest.

Tammy also won a Bulova Miss America presentation watch, an arm bouquet of red roses from Barton Florist, a 5-month course at the Blackthorn School of Charm and Modeling, a pair of Mister pants and blouse from Dorothy Ann's.

For winning Miss Congeniality she will receive the Miss America Miss Congeniality trophy and a \$25 Series E Bond. For winning the bathing suit competition, Tammy won another \$25 Series E bond. The next step for Tammy is the Miss Florida pageant which is to be held in Sarasota the week of June 12-19. Mrs. Pat Tompkins, director of pageant stage production, will go to Sarasota with her. Tammy will be assigned a hostess from the Miss Florida pageant committee who will accompany her every time she leaves her room.

In the Miss Florida pageant, Tammy will present her same talent which is playing the baritone ukelele, and will sing "Turn Around."

First place runner-up was Miss Vicki Jo Morris, Lake Worth, who also won the talent contest. Second place runner-up was Miss Christine Anne Fischer, West Palm Beach, who won the evening gown award. Third place runner-up was Miss Dorothy Elizabeth Beyer of Lake Park and fourth place award went to Miss Norma Jean Ramseyer of Boca Raton.

A review of the Miss Palm Beach County pageant will be shown in color on Channel 12 tonight, Friday, April 22, from 7:00 to 7:30.

Mrs. Nellie Reuter returned to her home in West Palm Beach last week after being the guest of her sister and brother-in-law, Mr. and Mrs. W. S. Cross in Canal Point.

Make Study Harvesting Procedures

John H. Causey, associate county agent, accompanied by three University of Florida Agriculture College faculty members, Dr. James F. Beeman, Dr. Richard F. Matthews and Mason Marvell, toured the East Coast and Glades area on Wednesday to study new mechanical harvesting procedures.

Dr. Beeman, assistant agricultural engineer, inspected the possibilities of using a mechanical harvester in the cabbage fields. The harvester is at the Everglades Experiment Station being adapted for use in the Glades.

Dr. Richard F. Matthews is an assistant food technologist and is interested in the study of pesticide residues. Mr. Marvell is an associate vegetable crop specialist.

The men inspected the tomato-growing area in the morning and concluded their trip by visiting the nacking houses in the Glades during the afternoon.

Postmasters In Annual Convention

Postmaster Mrs. Edythe Smith of Canal Point was among the over 250 Florida Postmasters and guests who attended the 30th Annual State Convention of the Florida Chapter of the National Association of Postmasters, April 16 through April 19, at Jacksonville.

The Meeting was presided over by State President Essie M. Cogdill of St. Marks, Florida. This workshop type meeting based on seminars is held annually to acquaint postmasters with changes in rules and regulations and offers the opportunity for postmasters to discuss with the Atlanta Regional Officials problems of an individual office.

Postmaster Mrs. Edythe Smith was chairman of the Memorial Service Committee and was in charge of the Memorial Service Sunday afternoon at 5 o'clock in Jacksonville. She was assisted by several postmasters from other towns in Florida.

Primitive Baptists Will Meet

The Primitive Baptist Church will have their annual meeting all day on Saturday, April 23, and Sunday, April 24, at the Woman's Club Building in Pahokee. Elder Van Lightsey of Okeechobee will be the pastor with other ministers from all over the area also attending the meetings this weekend.

Mr. and Mrs. J. H. McCall accompanied by Mr. and Mrs. W. J. Adams and Mrs. H. G. McGouirk spent the weekend in Orlando.

100 Airports Are Built In State

More than 100 new airports have been constructed in Florida during the past ten years, pushing the total number to 252 by January of last year the Florida State Chamber of Commerce pointed out in its Weekly Business Review released recently.

"Florida's giant strides in the development of its potential for aviation shows up well when compared with other states. For example, in 1955 Florida, with 144 airports, ranked 19th among the 50 states. By 1965 it had moved up to 9th spot.

"The quality of Florida's airports has also improved: 97 of them are paved compared with 57 ten years ago. About two-thirds of the airports throughout the country are privately owned. In Florida, 136 of the 252, or a few over half, are privately owned.

Number of aircraft and of pilots registered in Florida have also gained appreciably since 1955. Last year there were 3,406 active civil aircraft in the state, up more than two thousand during the ten years. Active pilot certificates held by Floridians came to 19,134 last year, an increase of 8,800 during the interval.

Records Are Set By Airlines

Three airlines continued a record-setting traffic pace in March by flying more passengers in and out of Miami than ever before.

Eastern reported an all-time record for the month by flying 249,658 passengers through Miami International Airport, an increase of 31,540 over last March.

National Airlines handled 124,350 passengers, an 18 per cent increase over March of 1965.

Delta flew more passengers through the city than in any single month of its history in South Florida, an increase of 36 per cent over the same month last year and 18 per cent over the previous monthly mark set in January.

When passing a pedestrian in the street, motorists should slow down and give him room. If the pedestrian is crowded by a car, he can easily become confused and step into the path of an approaching vehicle.

For Your Consideration

I have served you for four years on the council for the sole purpose of accepting my responsibilities, which are many, on the basis that the duties of a Councilman is to participate in all branches of the operation of the city.

The past policies of the council is for each councilman to work in his own department. I have questioned this policy on the grounds that a councilman is elected to serve the best interests of all the operations of the city.

If elected I will continue to serve on this basis. I have served all the people of Pahokee honestly and faithfully and hope that I earned your support and vote.

Products Display April 19-22

TALLAHASSEE—A variety of new products will be displayed for the first time at the Florida Industries Exposition in Orlando April 19-22.

Among them will be a combination weatherstrip-doorstop invented by Stanley H. Richter, of Richter Manufacturing Company, Orlando.

The weatherstrip, made for both the threshold and the door jamb, consists of a round vinyl strip with a cross-shaped base which slips into a groove formed by a machine also invented by Richter.

Fitted to a door, the strip not only eliminates weather leaks but noises caused by slamming, the company said.

Another new product, created by Custom Plastic Developments, Inc., of Kissimmee, consists of a

**Kill this pellitory weed
in sugar cane.
Use Atrazine. Here's how:**

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively... without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

Glades Sugar House Completes Grinding 1,046,000 Tons Of Cane

Sugar Cane Growers Cooperative operating Glades Sugar House at Belle Glade completed a successful grinding season last week but lacked a little of coming up to the 1965 total tons ground. W. H. Miller, general manager, said that in 1965 there were 1,234,000 tons of cane ground while during the season just brought to an end a total of 1,046,000 tons went through the huge mill.

The Glades Sugar House operated longer than usual this year on account of shortage of offshore labor to cut the cane. On two days during the season it was able to establish records by grinding more than 10,000 tons a day. Other days during the season it was hard to maintain a satisfactory average because of the shortage of cane cutters.

Mr. Miller said that for the 24-hour period ending March 16, there were 10,225 tons of cane ground through the mill. He said that this is a world's record for grinding sugar cane.

Unusually wet weather hindered the harvest of cane on a regular schedule, Mr. Miller said. This fact coupled with the shortage of offshore labor caused the mill to fall behind in its usual schedule, it was pointed out.

Now that the massive plant has completed its fourth crop, Mr. Miller said that the total amount of cane ground this year failed to equal that ground last season. When the third year of operation was completed April 14, 1965, the mill had set its all-time record of 1,234,000 tons of cane.

Proven experience in a job it takes a lifetime to learn

Back in the days when automation was something you only read about in science fiction, Broward Williams worked with the State Treasurer's office to convert Florida's pen and ink bookkeeping to a data processing system. That's how Florida became one of the first states to use automation to keep track of revenues and statistics. As the state grew, so did the state's capability in record keeping. Today it enables your State Treasurer to keep up with traffic accident records, insurance statistics and state bookkeeping. In voting to keep Broward Williams State Treasurer you will be voting to keep in office a man who has also kept pace with Florida's growth. His many years in the fields of insurance and State finance qualify him to continue to represent you completely. When you vote to keep Broward Williams your State Treasurer you will be voting to keep in office a man with proven experience in a job it takes a lifetime to learn.

Daughters Have Party On Birthdays

Mrs. R. L. Hatton had a birthday party Saturday afternoon from 3 to 5 p.m. for her twin daughters, Lisa and Lori, who were 5 years old. There were approximately 30 children who helped them celebrate their birthday. The children enjoyed a sucker hunt and Nicole Gamot won the prize.

Mrs. Joe Hatton, Sr., the twins' grandmother, was the special guest at the party. Mrs. F. H. Poteete and Dr. and Mrs. George Walker were also guests at the celebration. All the guests enjoyed the traditional birthday cake and ice cream and punch.

Mrs. Elmer Maxson took her nephew, Bobby Parker, to Miami International Airport on Wednesday to catch a plane to California before being shipped to Viet Nam, following a 20-day leave spent in the Canal Point area.

Art Exhibit Scheduled For May 22

Sigma Eta Sorority, Fine Arts, Inc., will present the Annual Community Art Exhibit at the Municipal Community Center in Belle Glade, Sunday, May 22, from 2:00 to 5:00 p.m. This is a community art exhibit. Any member of this area from Canal Point to Clewiston is most cordially invited to exhibit and attend. Artists wishing to exhibit should contact Mrs. Edward Kane, Canal Point, or Mrs. Dan Carpenter, Pahokee. Mrs. Carpenter's home will be the collection center. Mrs. Kane will pick up exhibits there Saturday, May 21, and Sunday morning, May 22, and return them after the exhibit to Mrs. Carpenter's home.

The sorority will exhibit paintings, sculpture, ceramics, needlepoint, and any handmade art or craft which is an art product.

The sorority thinks this will be one of our most interesting and varied shows. There will be exhibits from Canal Point to Clewiston. Mrs. Dee Klinger, lifetime artist from West Palm Beach, will attend and exhibit her paintings. In addition there will be a number of "one-man" shows by Miss Jessie Freeling, artist and musician, who has built her home in Belle Glade this year. Cleon Phillips and Walter Allen, coordinators of art in the schools of this area, will show paintings and sculpture. Each exhibitor's works will be placed together this year so that you may become acquainted with the artist's work and get acquainted with the artist.

You will enjoy music by Miss Freeling on her vibraphone and Mrs. William Masonic at the organ, if plans work out.

OUTDOOR BARBECUE

Mr. and Mrs. Elmer Maxson entertained approximately 20 young people in their home on Friday night with an outdoor barbecue in honor of their nephew, Bobby Parker's, 19th birthday. It was also a going-away party for Bobby who left Wednesday for California, before being re-assigned to Viet Nam. The Maxsons were assisted by Mr. and Mrs. Earl Wilson.

FRIDAY CLUB MEETING

The Friday Club went to the home of Mrs. Don Hillier in Lake Worth last Friday to play bridge and celebrate the birthdays of Mrs. Hillier, Mrs. L. W. Armstrong and Mrs. C. L. Shirley, Sr. They all went to the New England Oyster House for lunch and during the afternoon Mrs. Hillier served the traditional birthday cake and coffee to the honorees.

Those who attended were Mrs. L. W. Armstrong, Mrs. C. L. Shirley, Sr., Mrs. Otto Blech, Mrs. Curtis Chase, Mrs. Norman Kennedy, Mrs. James Vann, Mrs. M. C. Carter and Mrs. D. M. Hillier.

Obscene Calls Now Can Be Traced

Southern Bell said today that in many cases it is now possible to successfully trace obscene telephone calls. This has been made possible through the use of recently developed equipment which is now available in Florida, Charles Leonard, Southern Bell manager, said.

Leonard explained that the special equipment is being used primarily in aggravated cases where harassment calls are repeated over a period of time. He pointed out that only a limited amount of the call-tracing equipment is available. This and other factors does not permit Southern Bell at this time to meet every request to trace a call.

However, he said the equipment will be used more and more in the future as the Telephone Company and law enforcement officials step up action against obscene calls.

"Southern Bell has long been concerned about the problem of obscene calls," said Leonard, "and intends to do everything it can to provide the necessary assistance to law enforcement officials, and people harassed by these obscene calls."

Coffee Will Be Final For Season

The final coffee and get-together of the Glades growers will be held next Tuesday, April 26, at 8 a.m. at the Civic Center in Belle Glade, according to John Causey, associate county agent.

The vegetable season will run well into June—with corn on every hand—but the get-together next Tuesday will be the final one of the season.

Nattie Taylor of Wedgworth's, Inc., will be the official host at the upcoming meeting. Members of the Everglades Experiment Station will be special guests at the coffee, it was pointed out.

The monthly meetings during the season have been held in order that growers might be informed as to area problems and the progress being made by the staff at the Experiment station.

VISIT IN GEORGIA

Mrs. Grady Boynton accompanied by her daughter, Mrs. J. R. Faulk of Belle Glade, left yesterday to visit her daughter, Mrs. Max Beverly in Ochlocknee, Georgia, and to attend the Rose Show there. Mrs. Faulk will return to her home on Sunday and Mrs. Boynton will stay for several weeks.
